

Worship Conference @ Banner of Love Church

with *Kathryn Marquis*

"A conference to forever change the way we understand, execute, and experience worship, aimed at training, equipping and a paradigm shift for the corporate, worshipping Body of Christ." ~*Kathryn*

Kathryn Marquis is an itinerant worship leader, teacher, conference speaker, and recording artist with a mandate and passion to see the corporate Body of Christ restored to encounter-driven worship of the triune God. She carries a powerful impartation both as a speaker and a worship leader that releases healing, freedom, and a paradigm shift concerning a lifestyle of abandon, purity, passion and worship in all things.

Her easy humor, transparency, and powerful testimony cause the deep revelation she carries to be accessible to all. As a worship leader she carries both the ability and a powerful, intimate, breaker anointing for personal and corporate worship in the spirit of King David. Her schools on worship provide fresh training and for musicians and non-musicians alike, bringing much needed understanding, freedom and practical wisdom for everyone from senior church leaders, to worship teams, to the guy in the back row.

Kathryn has been raised up under the ministry of Ivan and Isabel Allum, and pastors the worship department of Forest City Destiny Church in London, ON. She leads the band for the city-wide worship movement The Response Initiative, monthly worship-only gatherings to change an atmosphere. Kathryn ministers itinerantly by invitation in conferences and various events both locally and worldwide.
